

Meeting #4 Minutes (5-29-22)

CHECK-INS:

- Avian: contacting someone for recertification/course flip, calling on Tuesday; getting in contact with FSUPD to get them in the loop.
 - trying to get website uploaded
 - Need to get in contact with the homecoming committee
- Alexa: need to make a new graphic along with the new tier list/level; Natalie/Alexis, coordinate with me
 - Once we have the new sponsor card we can start with the next
 - Next step is to start making calls and letters to find sponsors: assistant members contact me to get started
- Alexis: I've updated bios and headshots; someone beat me to the registration links
 - Goal in the next week is to start reaching out to other chapters/SED
 - Natalie and I are going to start planning hype videos/car race animation
- Jordan: I looked over last year's route, mapped out where pep bands and water tables should go, would like to start coordination of placements
 - Would like to have powerade on standby in case we have people break down
 - Want to have remind for volunteers, group me's for each group (water tables, route guides, pep bands) want to have an "orientation" for volunteers to iron out bumps
 - Meeting with Wyatt to discuss 5k packing service; Pre-race day service requirement to be included for all brothers for service hour reqs
 - Assistant Members to assist volunteer manager with this
- Alexea: website is finished
 - next step is finding an affordable race and bib system, current ones looking at are rather pricey - price discussion for in-person and virtual
- Special Guest John Justice, Treasurer: we can potentially get SGA funding, first two or three years of 5k we've gotten funding
 - With SGA funding, main goal is to be able to donate more to the band; must have SGA logo associated with MC5K, similar to sponsor treatment
 - A big issue is asking for funding on time, written proposal/process of asking for funding could be incorporated into the sponsor manager/treasurer roles
 - Think about how much more we give to chiefs or if we have to give it all to chiefs
 - If we want to raise prices, we need to stay consistent
- Facebook event page can go up; website takes priority
 - First day of registration discount code
- Event parking discussion; different options to make sure people don't get ticketed, possibly reserving lots? Follow what FSUPD says

Reach out to FSU Homecoming

Stay up to date with the calendar
